## SPRAY BUFF SOLUTION

# FLOOR CARE PRODUCTS

**DESCRIPTION:** PRIDE'S BUFF PRO is a ready – to – use floor polish designed to renew the shine between waxing of PRIDE'S GLOSS PRO I or II or any other brand floor polish. This product requires a minimum of effort and time to brighten dull and worn high traffic areas. When used with PRIDE'S floor finishes this product adds extra hardness.

**DIRECTIONS:**

- Locate dull areas on the floor that have lost their shine.
- Do not apply PRIDE'S BUFF PRO over dirty or badly scuffed floors. Very dirty floors should be cleaned with PRIDE'S MULTI – PUNCH. Repairing moderate to light scuffmarks is the specialty of this product.
- Use a spray bottle of PRIDE'S BUFF PRO at full strength to apply a moderate amount – enough to moisten area – onto dull areas.
- Use a power buffer to restore the original shine to treated areas. For best results, use a red or white buffer pad.
