

Glamor-All

FLEET PRODUCTS

DESCRIPTION: Brilliant's Glamor-All is a ready to use silicone emulsion designed to clean and leave a protective gloss on most hard surfaces. It's especially useful in detailing cars and trucks, and works by deep cleaning and leaving a protective gloss on the surface of tires, dash boards, door jambs, etc.

DIRECTIONS:

- **Application:** Spray surface to be cleaned and allow for product to penetrate before wiping with a clean soft cloth. Particularly greasy surfaces may take a second application to completely remove all grease and grime. After wiping, surface may be polished to produce an even greater gloss. On painted surfaces and leather, it is always a good idea to test for color fastness in an inconspicuous place before general application.
