

Advantage

DRAIN TREATMENT

DESCRIPTION: Brilliant's Advantage is a concentrated suspension of bacterial spores designed for high enzyme production to digest and liquefy solid waste. Enzymes such as amylase, protease, lipase and cellulase are produced and regenerated by this product, thus multiplying its effectiveness. These

enzymes degrade starch, carbohydrates, protein, grease, fats and cellulose. Safe to use and handle, with a pleasant fragrance. Excellent for spotting stains on all fabrics, toilet bowls and restroom surfaces, grease traps and drains, sewage plants, sumps, septic tanks, and portable toilets.

DIRECTIONS: Note: pretest all plastic surfaces prior to use.

- General deodorizing: Spray product directly onto the cause of the odor. In restrooms, spray directly into bowl, then flush. Spray surrounding surfaces to deodorize.
- Laundry pre-spotter: Spray soils and stains with product before washing.
- For grease traps: Pour 5 to 10 ounces of product down drain closest to grease trap daily. It is best to apply product when drain will not be used for a period of time, such as overnight.
- Drain lines: Use 4 to 6 ounces twice a week to keep drain lines clear.
- Septic tanks: Add 1 quart for initial treatment. Use 6 ounces per week thereafter by flushing down toilets.
- Portable toilets.: Add 1 gallon directly into toilet and cover solids with water. Repeat every time toilet is emptied.

PACKAGING: SIZE CATALOG #
12/1 quart case 64500112

PRODUCT SPECIFICATIONS

Color:	white emulsion	Effective Temperature Range:	50°-120° F
Odor:	bubble gum	Caustic Content:	none
pH:	7.0 - 8.5	Solubility:	complete with water
Bacterial Count:	over 100 billion per gallon	Flash Point:	none
Fumes:	none	Biodegradability:	complete
Viscosity:	water thin	Storage/Stability:	2 year
Acid Content:	none	Weight Per Gallon:	8.33 lbs
Phosphate Content:	none	Freeze/Thaw Stability:	keep from freezing

ISO 9001:2000 Certified
Certificate No. 2049

SECTION 6- STORAGE AND HANDLING INFORMATION

Keep out of reach of children. For use by trained personnel only. Keep container closed during storage. For institutional and industrial use only. Avoid contact with eyes, skin and clothing. Wash hands thoroughly after use. Avoid contact with open sores or wounds.

SECTION 7- HEALTH HAZARDS AND FIRST AID

SECTION 8- SPECIAL PROTECTION INFORMATION

Effects of Overexposure
Skin: Slight irritant. Prolonged or repeated contact may cause dermatitis. May infect open wounds.
Eyes: Eye irritant. Liquid or mists may infect eyes.
Inhalation: N.A.
Ingestion: May be irritating to the mouth, throat and gastrointestinal system. Vomiting and diarrhea expected in large doses.
First Aid Procedures
Skin: Remove contaminated clothing. Flush affected areas with large quantities of water followed by washing with mild soap. Seek medical attention if irritation persists.
Eyes: Immediately flush for 15 minutes with water; seek medical attention.
Inhalation: N.A.
Ingestion: Drink large quantities of water, get medical attention immediately.

Respiratory Protection: no special requirements.
Ventilation Requirements: Provide local exhaust to keep TLV of Section 2 ingredients below acceptable limits.
Protective Gloves: water proof.
Eye Protection: Goggles with side shields.
Other Protective Equipment: Safety eye bath nearby.

SECTION 9-SPILL OR LEAK PROCEDURES

Cleanup Procedure for Spills: Floors will become slippery. Avoid walking on product. Keep unessential personnel away. Mop up or otherwise absorb and hold disposal. Avoid discharge to open waterways.
Waste Disposal: Any method in accordance with local, state and federal laws. Best method is to recycle or reuse for intended purpose. Consult local authorities for disposal in public sewers. Do not dispose of in storm drain, stream, river, or to ground. Rinse container thoroughly before discarding in trash.
