

# Glossy Finish IV

## FLOOR CARE PRODUCTS

**DESCRIPTION:** Brilliant's Glossy Finish IV is a premium grade, non-yellowing acrylic floor wax finish based on 36% solids for a superior gloss. Will impart a very tough black-mark resistant film, unaffected by multiple detergent scrubbing. Can be re-coated to blend with previous applications, eliminating the need for frequent stripping. Use on all types of floors: vinyl, vinyl asbestos, asphalt tile, rubber tile, terrazzo, and linoleum.

**DIRECTIONS:**

- Strip floor for initial coat using **Brilliant's Heavy Duty Floor Finish Stripper**, with special attention to areas near baseboards, under desks, etc.
- Rinse completely with clean water and allow to dry thoroughly.
- Apply even coat of wax using a clean mop or applicator. Allow to dry for 20 minutes, and then apply second coat. Mop or applicator should be used for wax only and never return unused wax to original container.
- Maintenance is easy: Wet-mop floors weekly or as needed for high traffic areas using non-ammoniated detergent diluted for normal cleaning. For heavy soil, a stronger dilution of cleaner will not affect finish.
- Use **Brilliant's Spray Buff Solution** between waxing to maintain a high gloss.
- Re-coating: Apply a single coat of **Glossy Finish IV** to cleaned and dried area.
- When removal of finish is necessary, **Brilliant's Heavy Duty Floor Finish Stripper** will easily strip finish with minimal effort.
