

Carpet Rinse & Anti-Brown ANTI-BROWNING AGENT

FLOOR CARE PRODUCTS

DESCRIPTION: Pride's Carpet Rinse & Anti-Brown is an extra strength treatment for removing brown stains caused by over-wetting of carpets with alkaline carpet cleaners; for removing tannin stains, neutralizing alkali residues and serving as an overall acid spotter. This mildly acidic de-browning agent is the most effective treatment available for removal of coffee, tea, urine and yellow oxidized stains.

DIRECTIONS:

- **To remove browning:** Dilute 4 ounces of concentrate per gallon of water. Spray lightly to cover area. Browning should lighten after a few minutes.
- **For spotting coffee, tea, urine and tannin (yellow-oxidized) stains:** Dilute 1 part concentrate to 2 parts water. Apply diluted product to stain, agitate and blot dry with clean cloth. Rinse with water and blot dry again. **PRETEST** an inconspicuous area of the carpet to determine colorfastness of the material.

PACKAGING:

SIZE
5 gallon pail
