

# SOFT & PURE ALCOHOL FREE

## Instant Foaming Hand Sanitizer

### PERSONAL CARE PRODUCTS

**DESCRIPTION:** PRIDE'S SOFT & PURE ALCOHOL FREE INSTANT FOAMING HAND SANITIZER has been confirmed to reduce S. aureus 99.99% in as little as 15 seconds. Soft & Pure Alcohol Free Instant Foaming Hand Sanitizer is very efficient at reducing bacteria on the skin, effective against a broad range of pathogenic bacteria such as: Clostridium difficile, Enterococcus faecalis, Escherichia coli, Escherichia coli O157:H7, Klebsiella pneumoniae, Pseudomonas aeruginosa, Salmonella choleraesuis serotype enteritidis, Salmonella choleraesuis serotype pullorum, Salmonella typhi, Shigella flexneri, Staphylococcus aureus, Staphylococcus epidermidis, Streptococcus pneumonia, Streptococcus pyogenes, Vibrio cholera, and Yersinia enterocolitica. Published studies report that gelled alcohol gel hand sanitizers actually make the skin dirtier, not cleaner due to removal of protective natural skin oils and entrapment of dead skin cells by the polymer thickeners used in the gelled alcohol products. Soft & Pure Alcohol Free Instant Foaming Hand Sanitizer produces a fast drying, non-sticky foam that contains unique non-drying, conditioning and moisturizing ingredients, leaves the skin with a soft, refreshing and silky after feel, and does not contain polymer thickeners or silicones.

**DIRECTIONS:**

- Pump a small amount of foam into palm of hand.
- Rub thoroughly over all surfaces of both hands.
- Rub hands together briskly until dry.
