

# T.B. Disinfectant Bathroom Cleaner

**READY TO USE**

**DETERGENT & DISINFECTANT**

## DISINFECTANTS & DEODORANTS

**DESCRIPTION:** T.B. Disinfectant Bathroom Cleaner is designed specifically as a general non-acid cleaner and disinfectant for use in homes, hospitals, nursing homes, schools and hotels. It is formulated to disinfect hard, non-porous, inanimate environmental surfaces such as floors, walls, metal surfaces, stainless steel surfaces, porcelain, glazed ceramic tile, plastic surfaces, bathrooms, shower stalls, bathtubs and cabinets. For plastic and painted surfaces, spot test on an inconspicuous area before use. May be used in the kitchen on counters, sinks, appliances, and stovetops. A rinse with potable water is required for surfaces in direct contact with food. In addition, this product deodorizes those areas which generally are hard to keep fresh smelling, such as garbage storage areas, empty garbage bins and cans, basements, restrooms and other areas which are prone to odors caused by microorganisms.

**Tuberculocidal:** This product exhibits disinfectant efficacy against Mycobacterium tuberculosis (BCG) in 10 minutes at 20° C when used as directed on previously cleaned, hard, non-porous surfaces.

**Bactericidal:** When used as directed, this product exhibits effective disinfectant activity against the organisms: Staphylococcus aureus, Salmonella choleraesuis, Pseudomonas aeruginosa, Escherichia coli 0157:H7 (E. coli), Methicillin resistant Staphylococcus aureus (MRSA), Vancomycin resistant Staphylococcus aureus (VRSA), Vancomycin resistant Enterococcus faecalis (VRE) and meets the requirements for hospital use.

**\*Virucidal Activity:** This product, when use on environmental inanimate, non-porous surfaces, exhibits effective virucidal activity against HIV-1 (associated with AIDS) and Canine Parvovirus, and Poliovirus Type 1.

**Midewstat:** To control mold and mildew on pre-cleaned, hard, non-porous surfaces, spray surface to be treated, making sure to wet completely. Let air dry. Repeat application at weekly intervals or when mildew growth appears.

**Fungicidal Activity:** This product is fungicidal against the pathogenic fungi, Trichophyton mentagrophytes (Athlete's foot fungus) when used as directed on hard surfaces found in bathrooms, shower stalls, locker rooms, or other clean non-porous, hard surfaces commonly contacted by bare feet.

**EFFICACY TESTS HAVE DEMONSTRATED THAT THIS PRODUCT IS AN EFFECTIVE BACTERICIDE, FUNGICIDE AND VIRUCIDE IN THE PRESENCE OF ORGANIC SOIL (5% BLOOD SERUM).**

**DIRECTIONS:** It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Disinfectant, deodorizing and cleaning: Remove gross filth or heavy soil prior to application of product. Hold container 6 to 8 inches from surface to be treated, spray area until it is covered with the solution. Allow product to penetrate and remain wet for 10 minutes. No scrubbing is necessary. Wipe off with a clean cloth, mop or sponge. This product will not leave grit or soap scum.

One step cleaning and disinfection of toilet bowls and urinals: Remove water from bowl by forcing water over trap with a swab mop applicator. Press swab mop against side of bowl to remove excess water from applicator. Apply 1 to 2 ounces of this product evenly, allowing sufficient time for product to cover entire surface of bowl for maximum cleansing. Swab bowl completely using a scrub brush or toilet mop, making sure to get under the rim. Let stand 10 minutes and flush.

**SECTION 3- PHYSICAL DATA**

**Boiling Point:** 210° F  
**Vapor Pressure:** 20mm Hg @ 68° F  
**% Volatile:** 95+%  
**Solubility in Water:** complete  
**Physical Description:** Thin blue liquid with fresh scent.

**Specific Gravity:** 1.01  
**Vapor Density (Air=1):** >1  
**pH:** 11.5 - 12.0  
**Evaporation Rate (Water=1):** <1

**SECTION 4- FIRE AND EXPLOSION HAZARD DATA**

**Flash Point:** N.A.  
**Extinguishing Media:** N.A.  
**Special Firefighting Procedures:** non-flammable  
**Unusual Fire and Explosion Hazards:** N.A.  
**Upper Explosion Limits:** N.A.      **Lower Explosion Limits:** N.A.

**SECTION 5- REACTIVITY DATA**

**Stability:** stable  
**Hazard Decomposition Products:** Will not occur

**Incompatibility (Materials to Avoid):** none  
**Hazardous Polymerization:** Will not occur

**SECTION 6- STORAGE AND HANDLING INFORMATION**

Keep out of reach of children. For use by trained personnel only. Keep container closed during storage. For industrial and institutional use only. Avoid contact with eyes, skin and clothing. Avoid breathing mist or vapors. Use in well ventilated area only.

**SECTION 7- HEALTH HAZARDS AND FIRST AID**

**Effects of Overexposure**  
**Skin:** Skin irritant. Prolonged or repeated contact may cause dermatitis.  
**Eyes:** Severe eye irritant. Liquid and mists may damage eyes, causing corneal damage.  
**Inhalation:** Mists may be irritating to nose, throat and lungs. Vapors may cause dizziness, headaches and nausea.  
**Ingestion:** May be irritating to mouth, throat and gastrointestinal system. Burning, pain and diarrhea expected with large doses.  
**First Aid Procedures**  
**Skin:** Remove contaminated clothing. Flush affected area with large quantities of water followed by washing with mild soap. Seek medical attention if irritation persists.  
**Eyes:** Immediately flush with large quantities of water. Seek medical attention.  
**Inhalation:** Remove to fresh air and monitor.  
**Ingestion:** Drink large quantities of water or milk. Seek medical attention immediately.

**SECTION 8- SPECIAL PROTECTION INFORMATION**

**Respiratory Protection:** Use in well ventilated area.  
**Ventilation Requirements:** provide local exhaust to keep TLV of Section 2 ingredients (hydrochloric acid) below acceptable limits.  
**Protective Gloves:** chemical resistant rubber, or neoprene  
**Eye Protection:** goggles with side shield and full face shield,  
**Other Protective Equipment:** Eyewash station nearby.

**SECTION 9- SPILL OR LEAK PROCEDURES**

**Cleanup Procedure for Spills:** Floors will become slippery. Avoid walking in product. Keep unessential personnel away. Mop up or otherwise absorb and hold disposal. Avoid discharge to sewer or open waterways  
**Waste Disposal:** Any method in accordance with local, state, and federal laws. Best method is to recycle or reuse for intended purposes. Consult local authorities for disposal in public sewer. Do not dispose of into storm drain, stream, river, or to ground. Rinse container thoroughly before discarding in trash.
