

WORK & TRAINING OPPORTUNITIES

- PRIDE Enterprises is a private, not-for-profit (501(c) 3) corporation created in 1981 by the Florida Legislature.
- PRIDE is financially self-sufficient and receives no tax dollars/appropriations from government.
- PRIDE trains eligible inmates in real-world job skills within Agriculture, Sewn Products, Graphics, Manufacturing, and Services facilities.
- All programs are funded through the sale of products and services, with “profits” from work programs reinvested to further PRIDE’s statutory missions.
- For 35 years, PRIDE has been making communities safer and saving taxpayers money through a job-centered approach that lowers the number of repeat offenders and reduces criminal justice costs for all citizens.
- Any benefits that accrue to PRIDE ultimately benefit the Florida taxpayer, state government, and the inmate worker, not the Corporation.
- Based upon recidivism computations, 90% of PRIDE inmate workers do not return to prison after completing the program.
- 77% of PRIDE participants are placed into full-time jobs upon re-entry into our communities.
- Each inmate that does not return to prison saves taxpayers approximately \$18,000 per year.
- Customers invest in Florida when they purchase PRIDE products and services, which fuels the training-to-job re-entry cycle.
- Nationally industry-recognized certifications earned in work programs assist PRIDE ex-offenders in finding post-release employment.
- The PRIDE Transition Program offers a comprehensive case management process that includes a pre-release interview and assessment, creation of re-entry goals, career guidance, and discharge planning.

PRIDE OPERATES 41 TRAINING CENTERS ACROSS THE STATE OF FLORIDA, PROVIDING WORK AND TRAINING TO INMATES IN 29 STATE CORRECTIONAL FACILITIES.
